RIVAL NAVIES

A Comparison Between Spain's and Our Ships

THE DON'S FINE VESSELS

MORE DANGEROUS ENEMY THAN GENERALLY SUPPOSED

Navies to be used in the event of war, as the Spanish vessels, are considered by experts to be more formidable than our own. The Spanish fleet, consisting of ten ironclads, is said to be the finest in the world. Our fleet, on the other hand, is considered to be inferior in comparison. The Spanish ships are said to be more powerful and better armed than our own. The Spanish fleet is also said to be more efficient in operation and maneuvering. In conclusion, the Spanish fleet is considered to be more dangerous than our own, and therefore, a greater threat to our national security.
