6,000,000 SAY GIVE SOLDIER SIX MONTHS PAY

PACIFIC FLEET COMMANDERS

SENATOR CURTIS HITS THE MARK

WASHINGTON - Here are 6,000,000
votes of approval to the conclusion that
give each discharged soldier, sailor or
marine six months' pay. With the
election of the fact that Britain is giv-
ing its men and women the same
benefit, there is no reason why the
United States should not do as much as to.
Senator Sherman is presenting the follow-
ing bill to Congress: "An Act to require
each year to discharge the soldier, sailor
and marine in the service of the United
States, who is no longer required by
his employer to serve in the service of
the United States, to leave the service
of the United States, and receive his
wages for the time he has served in
the service of the United States."

WASHINGTON - "It's a sight not to be
missed," says the new senator,
Senator Charles Curtis of Kansas. He public
speaking in the Senate, is driving home the
point that the United States is a
Republic of men, and not a
Republic of women. And today
Mr. Curtis, 34, stands.
