**WILLIAMS, DIMOND & CO.'S LATEST SUGAR CIRCULAR**

Sugar. - The price of sugar was recently announced to be $0.07 per pound in the London market for export. This price is in line with the recent decline in the sugar market on the New York and London exchanges. The decline in the sugar market is attributed to a decrease in demand and an increase in supply. The sugar market remains volatile, with prices subject to fluctuation based on changes in demand and supply.

**Underwood Typewriter Gets Grand Prize at St. Louis**

That visible typing machines are growing in popular favor is an undoubted fact. It is rarely one can find a person who is not willing to admit that visible writers are time and labor savers and they appeal particularly to the large number of typists who are not professionals or experts and who as a consequence can work to much greater advantage by being able to see what they are doing. Pearson & Potter Co. agents for the Underwood received recently a shipment of 13 machines all of which were disposed of within three days after arrival.

The fact that the Underwood received the Grand Prize at St. Louis, shows that it is indeed the leading typewriter of the world by the best experts and explains why it is that its popularity is so great that the factory have been unable to keep up with their orders.
