America. President of the State, Mr. B. Orcult, complimenting the Governor tho fifty-five, and the ministerial men on the times for the successful launching of the largest vessel ever built in this country. The New Orleansclipper, a 7,000-ton vessel, will be ready for the sea in a few days. It is expected to be a great success, and the Governor was instrumental in securing the largest vessel ever built in this country.
