LOUISIANA READY FOR WAR OR FROLIC

Battleship Strains at Hawkers Waiting Arrival of Men.

“SHOW US A MEXICAN” IS SAILORS’ SLGON

The battle cry of the sailors as they swarmed up the decks of the battleship New York at the Navy Yard here last night was “Show us a Mexican.” The New York, which is the largest battleship in the world, is in commission to-day, and is to be afloat in a few weeks.

The New York, of which the United States Navy has just taken delivery, is the largest ship in the world. She is 450 feet long, with a beam of 78 feet, and a draft of 36 feet. She is to be armed with 14-inch breech-loading guns.

Roosevelt Would Have Used It Long Ago, Says "The Standard."

VERA CRUZ BLOCKADE THOUGHT PROBABLE

British Commentators Realize How Serious Latter Step Would Be for Mexican Nation.

THE DAY'S DAILY

London, April 14—All the Mexican propaganda sources continue to publish the back conditions. The gravity of the situation is not recognized and a declaration of war is impossible. The only way to make the United States realize that the American policy is not likely to be probable is to use force. The only way to make the United States realize that the American policy is not likely to be probable is to use force.

The House of Commons will probably be asked to make a declaration of war, but it is too late. The House of Commons will probably be asked to make a declaration of war, but it is too late.
