BIGGEST WARSHIPS EVER BUILT HERE
SOON TO JOIN RANKS OF THE NAVY

The Battleship Louisiana.

The Louisiana was the largest ship ever to be built here. She will be the most powerful ship ever to be built for the United States Navy, and will be the second largest ship ever built for any navy. She will be used for the protection of American commerce on the high seas, and will be armed with the latest and most powerful guns ever made. She will also be used for the training of officers and men for the Navy.

Two of Ohio's best and largest ships are about to be put into service. The first is the battleship Louisiana, which is now being built at the Navy Yard, and will be ready for service next year. The second is the cruiser New Hampshire, which is now being built at the Boston Navy Yard, and will be ready for service in 1917.

The Louisiana will be armed with sixteen guns, and will be capable of firing them at a range of twenty miles. The cruiser New Hampshire will be armed with twelve guns, and will be capable of firing them at a range of fifteen miles.

These ships will be used for the protection of American commerce on the high seas, and will be armed with the latest and most powerful guns ever made. They will also be used for the training of officers and men for the Navy.

THE LOVE OF
THE PRINCE OF
GLOTTENBERG

Continued from Page Four.

She was never a beautiful woman, but she had a certain charm about her that made her attractive to the men who knew her. She was always well-dressed, and had a graceful manner about her. She was also very intelligent, and had a way of making people feel at ease in her presence.
