Eventful Happenings at the Front Clicked by Times' Photographers

Latest news pictures of battleships, transports, admirals, marine leaving for Mexican waters snapped by Newspaper Enterprise Association photographers at the front. The Newspaper Enterprise Association, of which The Tacoma Times is a member, has dispatched a staff of correspondents and photographers to all Mexican centers. It is likely the news of the impending war will break. These men are instructed to supply the Scripps newspapers with the best possible pictures that money can buy of important events. The Times is the only newspaper in Tacoma that will furnish its readers with the products of these trained men at the front. In case hostilities break out with Huerta's provisional government, The Times will give to the public in Tacoma some of the finest war pictures in the history of modern journalism.
