# WHITE ROBED BLACK MOBS IN FRENZIED HOLY WAR

A view looking toward the Atlantic ocean of Casablanca, Moroccan town where the fanatical Mohammes declared a holy war and slew with horrible torture a dozen European whites.

Paris, August 9.-The declaration

Paris, August 9.—The declaration of a holy war such as has just broken out in Casablanca, Morocco, with the murder and torture of a number of Christians, or Nazarenes, as the Mohammedans derisively call the whites, is a periodical event in northern Africa.

It is always attended with fanatical orgies of the wildest kind, and the life of a Christian falling into the hands of the religious-crazed mob is not worth a straw. Death is not enough either, and the most atroclous indentities are visited upon the bodies of the "infidel."

Travelers who have witnessed the

Travelers who have witnessed the beginnings of "holy wars" say that the scenes attending them are weird and thrilling. The white-robed fan-atics, with coal black faces, blazing eyes and bared, white teeth, dash hither and thither through the narrow streets, sometimes shricking curses at Christians and their religion, changing to a chant of passages from the koran and finally throwing themselves to the ground with their faces to the east, and praying to Allah and Mohammed, his prophet

prophet.
In these frenzies there is no need that they will not perform; a holy war enthusiast would alone charge a regiment of white soldiers and die with a smile of joyous happiness.
And such was the outbreak this week at Casablanca which has horri-fied the world.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to long-evity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by all druggists, 50c.

Pabst perfected the 8-Day Malting Process which gives to Pabst Blue Ribbon Beer more nutriment, more muscle-building properties than could be obtained by any other process, and the Pabst Brewing Process transmits these food values to the beer in liquid form, making it what Dr. Liebig apt-ly calls "liquid bread."

The question of coal for the warships has recently undergone a marked change. Heretofore Cardiff, or Welsh coal, and that from Comox. B. "It is considered very artistic," said the experienced ruffian, "to remove the treasure from the prize swarmed over her side. Resistence was useless. SLEEPLESSNESS.

Do you know what makes people lay Doctors tell you

People come to me day after day and tell me they can't rest after cat'ng.
They have a dull headache. At night
they go to bed simply because they are
exhausted. They catch a few cat naps and get up in the morning feeling as worn out as they did before.

I have recommended Cooper's New

Discovery, a regular diet, regular habits and invariably these same people come to me afterwards and tell me they teel much better because they cat well and sleep well. Herewith is a sample.

A letter I received from Mrs. Geo. Weisel, 1121 Providence Road, Scranton, Pa., says:

"I suffered for three years from stomgame ach trouble, inactive liver and rheuma-with tism. Everything I ate disagreed with me and I lay awake night after night. I had no pleasure in life and could scarcely do my work about the house. I heard from a neighbor of Cooper's New Discovery and I bought two bottles of it. It helped me right away. Now I have a good appetite and never suffer from indigestion. I sleep well and awake refreshed. I want to thank you from the bottom of my heart for what this medicine has done for me."

The Cooper medicines have a larger sale than any medicine on the market,....
Our customers speak highly of them.
