THE LOVE OF THE PRINCE OF GLOTTENBERG

Continued from Page Four.

her eyes clouded with tears. Thus she rested till the bishop had performed the office. But when he had finished it he rose from his knees, and came to where signed to Ludwig to come nearer:

"She will not live an hour," said he. in there, where she sat silent and pale, not take it. He does not so reign in my for she had an affection of the heart. Thus half an hour passed; then the heart. For to my proud heart—ah, my "She will not live all flour, the heart, "For she had an affection of the heart, and this shock has killed her. Indeed, bishop stole softly out, and presently heart so proud—she would be ever between us. I could not bear it. Even

Princess Osra, suddenly, and she fell on floor at his feet, crying: her knees beside the couch, crying: "Forgive me!" Forgive me!"

The is a great brance, she want on "back with me to my home there to mourn for her: and I shall be his ru'n! Oh, what a sweet dream he painted! But praise be to the blessed saints that kept me strong. Yet, at the last I was weak. I could not live without another sight of his face, and whisper that was low for awe, not without another sight of his face, and the last I was weak I am—I was "You heard what she bade me do?" to take the veil, and I came here to see him once again—God pardon me for it.

"You heard what she bade me do?"

"Yes, madam, I know her wish."

"Yes, madam, I know her wish."

"And you would do it?" she asked.

Just "Salt La And when he found me here he prayed me again to do what he asked, and I was half killed in denying it But I prevailed and we were even then parting when you came." For a moment her voice died away in a low moan.

"And you would do it?" she asked.

"Madam. my struggle was fought before she died. But now you know that my love was not yours."

"That also I knew before sir." and a slight. bitter smile came on her face. But she grew grave again, and sat there

Two of Uncle Sam's first 16,000-ton mor bulkheads of seven-inch steel extend athwartship connecting with the main barbettes.

Have Great Gun Power.

Officially, the Connecticut and Louisiana are known as sea-going battleships with two 12-inch and four 8-inch turrets. For their protection and safety the armoring of those vessels is unusually heavy and extensive, while their bulkhead arrangements are such as to pawer them against sinking under almost any imaginable conditions.

There is a waterline armor belt extending from stem to stern. For a third of the length of this belt amidships the armor is eleven inches thick at the bottom, tapering to four inches at bow and stern. Above the main barbettes, there is a continuous wall of side armor seven inches w in ordnance, having exceptionally completing this new sea monster in a

> But she made one more effort. Clasping | mondering, and Prince Lauwig waite. Osra's hand in her delicate fingers she whispered: "I am going. Be his wife."
>
> "No, no, no!" whispered Osra, her face now close to the lady's. "You must love. Now what is the love that I can-

live—you must live and be happy." And not feel?"
then she kissed the lady's lips. The And then she sat again silent, but at lady put out her arms, and clasped last raised her eyes again to his, saystood, dimly hearing the words of comfort, peace and hope; dimly seeing the smile on the lady's face, for gradually what she said, but they heard only that seen your love, and know that you can what she said, but they heard only that sra was.

"It was your duty," she said.

"But bishop, and he led her from the room, went on. "Is it our Lord Christ who and finding another room near, took her bids us take the lower place?

"God has spared her the long and though she is dead. I could not bear it.
"Who is she?" broke again from painful path, and has taken her straight Yet I believe now that with you I might

Osra's lips.

"Come and hear," said he: and she followed him obediently, yet unwilling—as if she did not hear; she did not ly, to the couch, and looked down at the lady. The lady looked at her with nor anything that passed, until, as it men." wondering eyes, and then she smiled seemed after a long while, she looked faintly, pressing the prince's hand and up and saw Prince Ludwig standing before her. He was composed and "Yet she is so beautiful." And she calm, but it seemed as if half the life her brows as though she were puzzled. the three all watched her, and were ensured as the seemed new wonderfully happy, so that the three all watched her, and were ensured the three all watched her, and were ensured to had gone out of his face. Osra rose that last, shaking her head, she said:

"It is not enough."

And with this she rose and took him by the had, and they two went back together to where the bishop of Modental as the said:

"Now, God pardon her sin," said the face she suddenly threw herself on the stein still prayed hesside the body of the stein still prayed hesside the body of the said:

stein still prayed beside the body of the "Surely God has pardoned her."

"Sin she had none, save what clings even to the purest in this world," said to me openly. The guilt is mine." And he openly. The guilt is mine." See." said she. "See." said she. "she must be between what your nobility would have suffered to raise her, but she rose unaided, asking with choking voice:

"See," said she, "she must be between us." And having kissed the dead face once she left the prince there by the side of his love, and herself went out,

Osra said nothing, but gazed in questioning at the prince, and he, still holding at the prince, and he, still holding the lady's hand, began to speak in a gentle voice.

"She is dead." said the prince; and turning her head, saw that the Osra, hearing it covered her face with her hands and blindly groped her way "He who misses the best is a loser.

from the first hour that we knew the meaning of love we have loved one another. And had the issue rested in my hands I would have thrown to the winds all that kept me from her. Madam, you have asked what love is. Here is love. Yet fate is stronger. Thus I came here to woo, and she, left alone, resolved to give herself to God."

"How comes she here, then?" whisper. "She came here." he began—but suddenly, to their amazement, the lady who had seemed dead, with an effort raised herself on her elbow and spoke in a guick, eager whisper. "How who misses the best is a loser. "He who misses the best is a loser. "In which her hands and blindly groted her way hack to the chair, where she sat, panting and exhausted.

"To her I have said farewell, and now heat to you a fool and a churl. I grieved most bitterly and I wronged you bitterly: my excuse for all is now known. For though you are more beauty that it does not simpler than locating an original entry, one most hor a year old.—Job 2:11-13.

No other company can duplicate our full than she, yet true love is no wanderer; it gives a beauty that it does not find, and weaves a chain no other had seemed dead, with an effort raised her hand.

No other company can duplicate our full than she, yet true love is no wanderer; it gives a beauty that it does not find, and weaves a chain no other hands and the lost in the her hands.

No other company can duplicate our full than she, yet true love is no wanderer; it gives a beauty that it does not find, and weaves a chain no other hands and seemed to you a fool and a churl. I grievell which handles your beauty, or a heart to know your worth. I seemed to you a fool and a churl. I gri

lick, eager whisper.

"He is a great prince," she said: "he is a great king. God means him went on. "back with me to my home."

No other company can duplicate our work. The ymust get more money or lessifiess, then the books are made upon lines long since discarded by us. Even then our machines make these same books cheaper than they.

madam," he answered.

It was late night now, and they rode swiftly and silently along the road to Strelsau. And on all the way they spoke to one another only a few words, being both sunk deep in thought. But once Osra spoke, as they were already near the Strelsau. For she turned suddenly to the histon saving. denly to the bishop, saying:
"My lord, what is it? Do you know

"Yes, madam, I have known it," an- youth swered the bishop.

'Yet you are a churchman?" "True, madam," said he, and he smiled sadly.

She seemed to consider, fixing her eyes on his; but he turned his aside. "Could you not make me under-stand?" she asked.

"Your lover, when he comes, will do that, madam," said he, and still ne the bishop.
"He does not think of me," she said the bishop.
"Many men have said they loved me, prince knelt again by the corpse of his "His thoughts are still with her, and I have felt something in my heart-madam," he answered.

but not this!"
"It will come," said the bishop "Does it come, then, to every one?" To most," he answered. "Heigho, will it ever come to me?" she sighed.

And so they were at home. And Osra was for a long time very sorrowful for the fate of the lady whom the prince of Glottenberg had loved; but since she saw Ludwig no more, and the joy of youth conquered her sadness, she ceased to mourn; and as she walked along she would wonder more and

more what it might be, this great love that she did not feel. "For none will tell me, not even the bishop of Mondenstein," said she.
