## AMERICAN CONSULATE THAT NEEDED PROTECTION

The American consulate at Acapulco, Mexico, has been converted into a safe depository for the Americans in the vicinity, who turned over to Consul C. S. Edwards about \$250,000. As the region is infested by bands of marauders, the consul cabled to the state department for protection and Rear Admiral Cowles sent a warship there.

When Judge Ben Lindsey of the Denver juvenile court took his young bride home the other day, the couple were welcomed by a great throng of newsboys and street arabs. Mr. Samuel McKinley, 1215 Grand Ave., Kansas City, Mo., writes: "I can honestly say that I owe my life to Peruna. Travelling from town to town, and having to go into all kinds of badly heated buildings, plying my trade as auctioneer, it is only natural that I had colds frequently. Last December I contracted a severe cold which, through neglect on my part, settled on my chest. I heard of Peruna. It cured me, so I cannot praise it too highly."  
Those who prefer tablets to liquid medicines can now procure Peruna in tablet form.

## MOTHER! LOOK AT CHILD'S TONGUE

If cross, feverish, constipated, give "California Syrup of Figs"

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.

There's Many a Way.  
G. Roy Hill, secretary of the Automobile club of Minneapolis, has invented this:

A motorist was telling of a trip through the Red River valley. The party, he said, came to a stream, but the bridge had been washed away during a cloudburst.

"After we got on the other side we found ourselves on the finest kind of a road," he pursued.

"Yes," he was asked, "but how did you get your car across that stream?"  
"Oh, we just sat down and thought it over."

Public Opinion.  
Public opinion is what we think other people are thinking; or it is what we think other people think we think. When we think we are thinking like other people, then we think they are thinking as we think. That is what we think is public opinion.

When we meet someone who does not think as we think, then we think that is not public opinion. When we meet, or hear of, a number who do not think as we think, then we think that what they are thinking is something contrary to what public opinion ought to be, and indeed, will be, as soon as they all begin to think as we think they ought to think.

Public opinion is of two kinds—what it is not, and what we think it is. On the other hand, what we think is public opinion may not be what we think it is.
