WASTE OF WATER

There is a waste of over 350,000 gallons of water every 24 hours, by consumers letting faucets run mostly at night. This waste of water not only entails great and useless expense, but it may make it impossible to furnish adequate water pressure in case of fire. We hope that all water consumers will appreciate these conditions and take pains to confine their use of water within reasonable bounds.

How To Beat Sears & Roebuck
The great mail order firm of Sears, Roebuck & Company made a net profit last year of over \$18,000,000. They advertise direct to the buyer with their catalogues. Local business men can counteract such deadly competition by advertising in their home newspaper which goes to the people who are going to patronize the mail order house if the local merchant does not show them that he can supply what they want as cheaply and quicker than the house in Chicago.

LET "DANDERINE" SAVE YOUR HAIR

Check Ugly Dandruff! Stop Hair Coming Out and Double Its Beauty

A little "Danderine" cools, cleans and makes the feverish, itchy scalp and soft pliable; then its stimulating tonic penetrates to the famished hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, getting thin, dry or fading.

After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.
