

## NOSTOMACHPAIN, GAS, INDIGESTION IN FIVE MINUTES

"Pape's Diaprepain" is the only real stomach regulator known.

"Really does" put bad stomachs in order—really does—overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diaprepain the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile, and indigestible waste, remember the moment "Pape's Diaprepain" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diaprepain will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

## Paulson's, Inc. Takes Place In City Commerce

At the close of business this evening, the Paulson-Craig Co. will pass out of Tacoma's commercial life and its place will be taken by a new concern, Paulson's, Inc.

The business of the old concern has been bought and taken over by the new, good will and all. Changes of management and arrangements will, it is declared, make the new concern one of the city's most helpful stores. The tea and coffee department will be improved and the grocery department expanded. In a general way, too, all departments will be enlarged and improved.

Associated with P. C. Paulson, of the present store, will be his brother, C. L., well known in Tacoma's trade circles.

## SOME TACOMANS DUE FOR TROUBLE

Unless a certain type of citizen who fails to understand the income tax gets busy pretty pronto, there's likely to be some trouble, said Internal Revenue Collector Williams Saturday.

The law declares that every citizen who earns \$3,000 or more must declare so to the government. Once he has declared, he is entitled to the legal exemptions.

Many citizens think because they would be entitled to an exemption they need not file their declaration, and here is where they misconstrue the law, says Williams, and are liable to penalty.

## COUNCIL GOES TO INSPECT PIPELINE

Dressed in old clothes the entire city council started off at 10:15 this morning for McMillan, to inspect the Green river pipe line.

Today's trip resolves itself into an investigation of the report that boulders and stones, inside the big pipe are pounding the staves out of the tube. Immediate preparations must be made to shut off the water, and repair the pipe, besides removing the stones.

## FIRWOOD FOLKS WIN.

The county commissioners yesterday restored the old boundaries of the Firwood school district, which had been changed by County Superintendent Benbow. He had taken 200 acres from Firwood and given it to Pile. W. P. Sundberg of the former place said this was due to prejudice on Benbow's part.

## "77" For Grip, Influenza, Coughs, Sore Throat COLDS

To get the best results, take Dr. Humphreys' "Seventy-seven" at the first feeling of cold, lassitude, a chill, or a shiver.

Don't wait till your bones ache, till you cough and sneeze, have sore throat and influenza or it may take longer.

Pleasant to take, handy to carry, fits the vest pocket.

25c and \$1.00, at all drug stores or mail.

Humphreys' Homeo. Medicine Co. 145 Madison Street, New York—Advertisement.

## VINDICATE GREEN OF BIG THEFT

Frank Green, the former night agent of the Northern Express Co. at the Union station last night was declared not guilty of grand larceny.

His case excited a good deal of interest among railway men because it was charged that railway detectives and special agents spent months in an attempt to railroad him to prison. They accused him of stealing \$1145. Green claimed he had been held up by a robber, shot through the hand and robbed.

This story evidently appealed to the jury. Two months ago, in his first trial, the jury stood 10 to 2 for acquittal.

When the verdict was announced, three of the seven women jurors rushed to the side of Green's young wife, sobbing. Mrs. Green had set by her husband throughout the trial, and had said from the witness stand that if he were sent to the penitentiary she would go with him.

## You'll Find It Here

But for the paralysis of ocean shipping, the lumber business would be in good condition. Thorpe Babcock told northwest manufacturers yesterday.

Our entire wheat health bread. Duenwald's, 313 So. 11th st.

The Y. M. C. A. will hold religious services on its roof Sunday afternoon.

Thirty years of successful religious work will be celebrated Easter Sunday by the Scandinavian Baptist church. This service also will mark the close of the ministry of the Rev. O. Enget, who is to go to a larger work. The Rev. N. K. Larsen of Whitehall, Wis., will speak.

Watch for our special week end dollar boxes and potted plants. Hayden-Watson Co. 939 Cst. Main 306.

"Advertisement."

It will be man racing against wife in the contest between a Milwaukee train and a six-cylinder automobile from Tacoma to the glaciers on the mountain. O. H. Ridgeway, who always handles the train of President Earling when he visits the coast, will be in the engineer's cab, and Mrs. Ridgeway in a Studebaker six.

Packed house at Stadium High appreciated Pinafore by high school students last night.

Decorations, Elms, Florist, S. F. & E. "Advertisement."

Washington Paving Co. growing. Latest expansion is purchase of the Spokane plant of the American Asphaltum & Rubber Co.

Tacoma's new bagpipe band gave a successful concert last evening at Masonic hall.

STANLEY BELL PRINTING CO. "adv."

Five youngsters, two of whom are high school boys, must face a grand larceny trial for the alleged theft of an auto belonging to Stanley Bell. The five were arrested in Kalama en route south with the car.

William Martell and Leo Brouseau, high school boys, were convicted in justice court on a similar charge, but were let off with light sentences. The others in the party are Carl Harris, N. Betersdorff and A. Clairmont.

The Fern Hill Study club held an open meeting and guest day yesterday at the home of Mrs. S. F. Markham. Thirty-five attended. Those on the program were: Mrs. B. E. Buckmaster, and Miss Miller and Miss Larson. Mrs. Buckmaster and Mrs. W. F. Grass were in charge of the program.

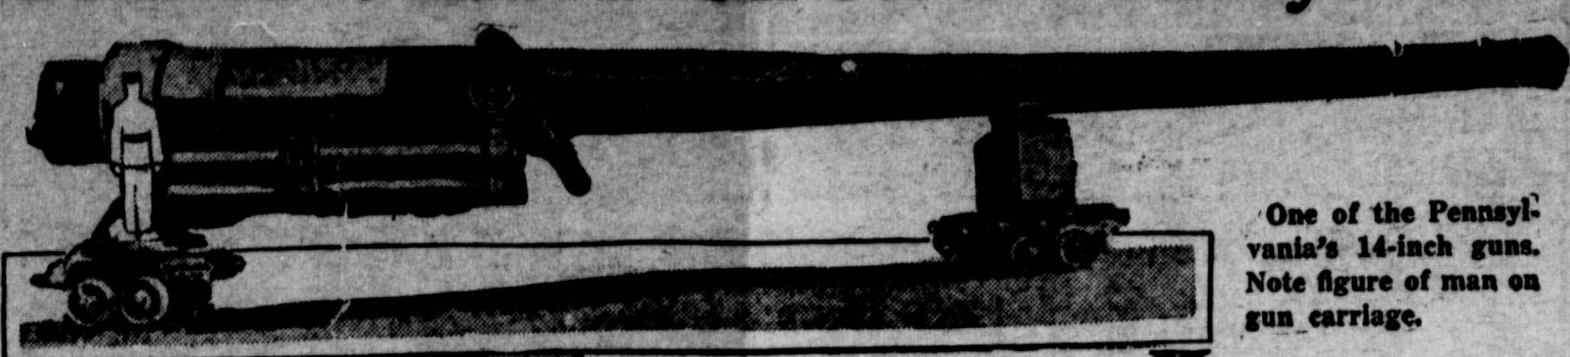

## A FACE FROM THE "FATHERLAND"

Gen. Dankl.

An intrepid leader in German army is General Dankl, who has seen service in several big campaigns.

## 14-Inch Cannon On New Pennsylvania

One of the Pennsylvania's 14-inch guns. Note figure of man on gun carriage.

## SHIP'S NO MATCH FOR BRITAIN'S

BY HERBERT QUICK.

The United States has just launched \$14,000,000 worth of iron and steel in the form of a battleship.

She is called the Pennsylvania. When she was launched a man named Josephus Daniels made a speech. The speech is worthy of notice because Josephus Daniels is secretary of the navy, and said the things which the people wanted to hear.

But he did not tell the truth about the Pennsylvania. Therefore, I propose to tell it. I am no naval expert, but some things are mere matters of the exercise of the reasoning powers with which all men are presumably gifted.

Josephus Daniels said that the Pennsylvania can lick any other ship afloat. That is, he said that she is a more powerful battleship than the Queen Elizabeth, Great Britain's latest wonder of the seas.

This is not true. The Queen Elizabeth is a more powerful vessel, and could sink the Pennsylvania easily, and without receiving a scratch.

The Queen Elizabeth is six miles an hour faster than the Pennsylvania. She has eight 15-inch guns. These 15-inch guns will shoot thousands of yards farther than the Pennsylvania's 14-inch guns.

Stand Off and Hammer.

One needs only to be moderately well-informed to describe exactly what the Queen Elizabeth could do to the Pennsylvania. She would begin hammering the Pennsylvania before the Pennsylvania could reach her. The Pennsylvania would crowd on steam to get within range and the Queen Elizabeth would crowd on steam to get within range. The Queen Elizabeth would crowd on steam to get within range. The Queen Elizabeth would crowd on steam to get within range.

The results of both these battles are known. The faster vessels with the longer range guns sent the slower ships to the bottom.

The Pennsylvania will go into commission a year or so hence. The Elizabeth is already in commission. Therefore, our best ships in 1916 or 1917 will not be as good as England's at the beginning of 1918.

The United States has not a single vessel of this big-gun, swift-speed type. It has no plans for any. Therefore it has no navy. And is planning no navy. Not for peace insurance or defense.

The money we have in the Pennsylvania would have built 50 submarines, any one of which might easily send the Queen Elizabeth to the bottom at a single crashing blow.

## 384 ON WAY TO COAST ON NEW N. P. STEAMER

Three hundred eighty-four passengers are on their way to the coast on the liner Northern Pacific. They will come via the canal. The weather has been excellent and the work of the ship's engines perfect, wireless reports say.

The commissary under the direction of H. J. Titus, superintendent of the N. P. dining car department, is working in regulation Titus-style.

## War Picture at Gem Theater

"The Terror of a Great City," a thrilling military drama in three parts, will be the big feature Sunday only at the Gem theater, 3610 Portland avenue. The film is also called "A Traitor to the Kaiser." Scenes are laid in Europe, and some actual war pictures are given. It is a Warner feature. Today's bill at the Gem is headed by "The Spy," a four reel special Universal drama.

## CHANGE IN TRAIN TIME.

The Northern Pacific announces that on and after Sunday its train No. 42 for St. Louis and Kansas City, via Billings, will depart from Tacoma at 3:30 p. m. instead of 4:35 p. m.

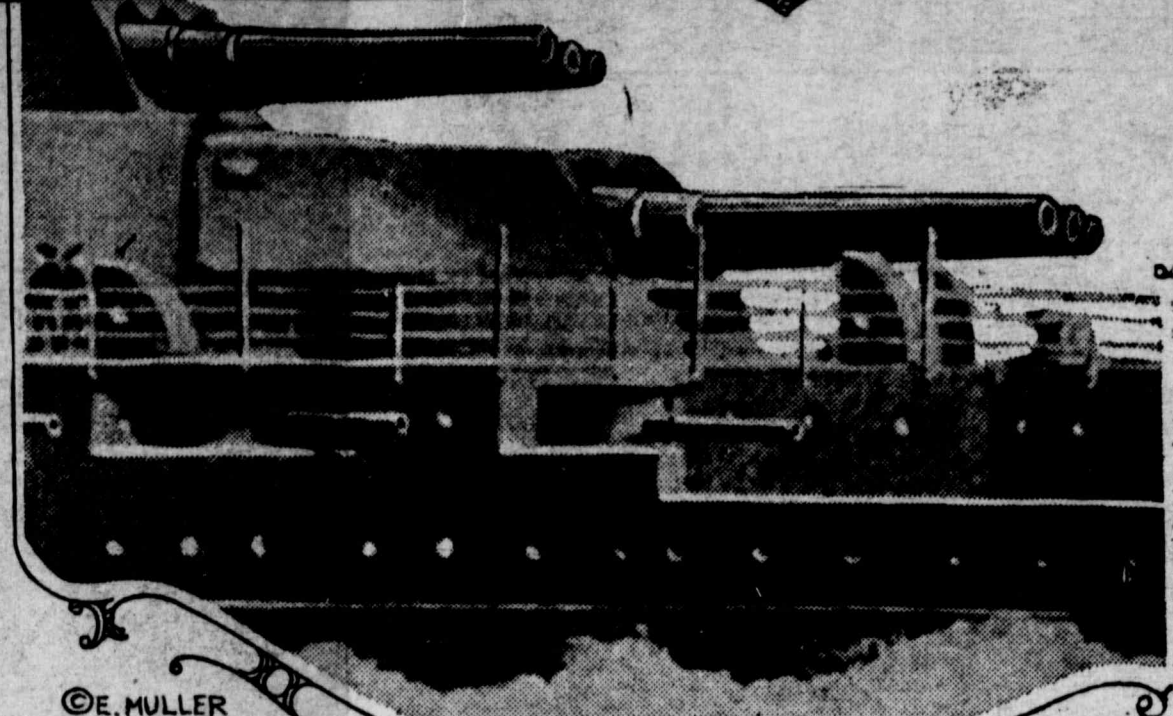

DIAGRAM OF THE BATTLESHIP PENNSYLVANIA, SHOWING HER CHIEF POINTS.

Forward 14-inch batteries of new U. S. battleship Pennsylvania, which has just been launched. Notice the guns are three in a row. If the Pennsylvania could get in range of enemy, a broadside from these two tiers of guns would blow any ship afloat out of the water. England's newest battleship monster, Queen Elizabeth, is six miles an hour faster than the Pennsylvania, however, so these guns could not reach her in a battle. But the Elizabeth's 15-inch guns, which shoot thousands of yards farther than 14-inch guns, could reach the Pennsylvania.

## Poor Old State Payroll! Look What It Carries

L. D. McArdle, standpat leader of the last legislature (the economy legislature, you know), is once again on the state's payroll. That is, he will be Monday, when he is to become an "examiner of state departments" in the state auditor's office.

Along with McArdle on the payroll will be Victor Zednick, member of the house, who on June 1 will become a member of a commission to investigate state institutions of higher learning.

Their appointments have unusual interest because both denied with vehemence during the last session that they would accept a state job, as the Seattle P.-I., a party organ, had charged they intended doing.

Purely Educational.

In the course of his remarks at the time, McArdle cracked what was really the prize joke of the session. He said he had been employed previously by the state, not for the money he would get—although the salary was \$8 a day—but for the experience, so as to become a better legislator!

All the rest of the session, members twitted him on his education at state expense.

During the latter part of the session, McArdle worked hard to get the bureau of inspection's division of the state auditor's department a larger appropriation. He succeeded in getting \$7,000 more for it than it had in 1913—this in a year of economy.

Zednick to Make Sacrifice.

Now it appears that out of this very \$7,000 McArdle is to be paid a handsome salary.

As for Zednick, he will begin drawing \$5 a day beginning June 1. This is despite the fact that in the house debate he said his law practice—he is a young attorney—was so heavy he could not afford a state job if one were offered him.

He, too, was most active in getting the appropriation out of which his salary is paid.

## FACILITATE HARDLY DOES EXPRESS IDEA

OLYMPIA, March 27.—"Facilitate" is scarcely the word to use in the title of the anti-recall and anti-initiative and referendum bills passed by the recent legislature.

This is the verdict of W. V. Tanner, republican attorney general himself.

When the bills to obstruct all sorts of direct legislation passed the two houses, they were entitled bills to "facilitate" direct legislation. The "facilitate" became something of a legislative joke.

When Miss Lucy R. Case filed petitions against these bills, it became the duty of the attorney general to prepare a title of her bills to go on the ballot in case

enough names is obtained to make the petitions effective. If the old title had been allowed to stand, it would have seemed that the progressive forces of the state were attempting to defeat a law "facilitating" direct legislation, for only the title of the bill appears on the ballot.

Miss Case protested at the word, and Attorney General Tanner was forced to agree to her point.

It is likely the secretary of state will hold these titles so long as possible to obstruct quick work in getting the petitions started. He has refused to say when the work in his office will be done. He is allowed 10 days by law.

## Speed Saves Liner From Submarine

LIVERPOOL, March 27.—A thrilling story of a race through the Irish sea in which she escaped from a German submarine was told today by the White Star liner Arabic, which arrived from New York.

The Arabic's lookout sighted a periscope approaching. The liner dashed for port. Her speed was sufficient to keep her too far from the submarine for the latter to launch a torpedo.

## Thirty Years of Banking

Open an account with this great bank, take advantage of its thirty years of experience and success, avail yourself of all its facilities and become acquainted with the bank officers.

Such a course will be a strong factor in your business success.
