

CROWDS IN WEST GLENN ROOSEVELT

From Two the Former President's Special Has Grown to Half a Dozen Cars

ARCHIE VISITS HIS FATHER Cummins and Garfield Also Talk with the Colonel on Board His Train

DENVER, Aug. 26.—By joint resolution Theodore Roosevelt was invited today to address the Colorado legislature, now in session, when he comes to Denver next Monday.

In the senate the chair announced a unanimous favorable vote. "I voted 'no,'" corrected Senator McCue, and when asked why, added, "because I have heard enough of Roosevelt."

Then Senator Adams, majority leader, arose and, without comment, asked that his vote be also recorded against the resolution.

(Associated Press) GRAND ISLAND, Neb., Aug. 26.—The west gate former President Roosevelt a warm greeting today. The people gathered in crowds at all places which he stopped in his journey across Iowa and part of Nebraska, rang bells, tooted whistles, played bands and cheered.

They stood on roofs, climbed telegraph poles and scrambled on top of cars on the sidings to see him when the crowds on the ground grew so large that there was no other way.

They began in raincoat and top hat. Colonel Roosevelt was out of bed and kept it up until long after dark. When the day was done Colonel Roosevelt said he was greatly pleased by the way the people of the west welcomed him back.

He will arrive at Cheyenne, Wyo., in the morning and will make the second and last speech of his western tour there in the afternoon at the cowboys' carnival.

The colonel was up early, and he had to be, for he was called out of bed by people of Marshalltown, Iowa, who had gone to the station before breakfast to see him and would not be denied. Claps, whistles and slips were made the first speech of the day at 6:45 this morning.

From then on it was almost a continuous performance, for at every point at which the train stopped a speech was demanded. The colonel kept on talking until his voice grew husky and he was urged to stop.

NO SPEECH THERE At Dunlap, Iowa, someone pulled the bell cord just as Colonel Roosevelt got on the back platform with his arm held aloft in his characteristic pose, was about to speak. The train pulled out, leaving the people standing there in open-mouthed disappointment.

At Logan, the next point, Colonel Roosevelt was allowed less than a minute for his speech, but he made such good use of it that the crowd refused to suppress his speeches were given up.

The manager of a wild west show on exhibition at Grand Island wired the agent in charge of the arrival here. But the colonel stopped here and it looked as though most of the town was on hand. He made a short speech, after which the people of Grand Island went to the show.

TALKS OF HONESTY In his speeches today Colonel Roosevelt continued to talk about honesty in public and private life and to attack the crooked men and the crooked public servants. He also spoke about New York, referring to the situation in his own state while talking to the people of Council Bluffs.

Earlier in the day he issued a statement in regard to the New York progressives, and denouncing bossism and corrupt alliances between business and politics.

Supplementing this statement later, he declared that he would not permit the "old guard" of New York state to pick the issue. He said that the great issue was not the fight to procure the enactment of a direct primary, but the fight against bossism. He said that his statement referred to the New York situation solely, and had no bearing on the situation in national politics.

Two stanch progressives had long talks with the colonel today. Senator Cummins got on the train at Ames, Iowa, and stayed there until he reached Omaha. At Omaha James R. Garfield, former secretary of the interior, joined the party. He is going to Cheyenne. Clifford Pinchot, former chief forester, who was expected to be at Cheyenne, was not able to leave Washington until today, and will meet Col. Roosevelt in Denver.

CANNON SUPPORTER Congressman Walter I. Smith, a staunch supporter of Speaker Cannon, also talked with Col. Roosevelt today. In introducing him to the people of Council Bluffs, Mr. Smith referred to him as the greatest American.

When Col. Roosevelt left New York all members of the party traveled in two cars, attached to the regular train. The number of cars has grown, until now there are six of them, made up of a special train. At Chicago yesterday one car was attached carrying a party of men who are going along merely to see what happens. George Ade is one of them. Three more cars were added today, and the railway officials gave up all hope of hauling them on the regular trains.

The mayor, Robert E. Hill, telegraphed to Col. Roosevelt today a request that he try to settle the strike in the bituminous coal fields. The colonel remarked that it was the fourth strike which he had been asked to settle since his return from abroad, and that he could not consent to act as he would be obliged to devote several weeks to such a task, and he has not the time to spare.

Archie Roosevelt met his father in Omaha today, and rode with him as far as Fremont, Neb. He has been staying on Seth Bullock's ranch in North Dakota.

ROOSEVELT WILL ATTACK CORPORATIONS IN SPEECH (Special to The Herald) OMAHA, Neb., Aug. 26.—Colonel Roosevelt is scheduled to arrive here late this afternoon. He will not speak here at this time, but will wait until his return, September 1.

Noted Society Woman Gives Sailors Twenty-four Thousand Cigarettes

NEWPORT R. I., Aug. 26.—Two thousand four hundred packages of cigarettes were distributed among the sailors of the North Atlantic battleship fleet. The little smoke

producers are the gift of Mrs. Hermann Oelrichs, who also made many of the arrangements for the entertainment of the sailors and officers of the fleet while it anchored here. The cottagers sub-

scribed \$10,000 for the further pleasure of their guests. Dances, dinners, receptions and clambees were the daily programs, and vaudeville performances were given nightly.

DARING THIEF JUMPS 25 FEET AND ESCAPES

Burglar Filches Sleeper's Garments from Beneath Pillow and Leaps from Roof

SAN BERNARDINO, Aug. 26.—During the small hours of the morning a daring burglar entered the Oakland apartment house on D street. Despite the fact that in one occupied room the electric lights were burning the thief entered the room, turned out the lights, and bending over the occupant, a man, he filched the sleeper's garments from beneath the pillow. The act awoke the roomer, who was scared stiff at finding a thief so near. "Keep your mouth shut or I'll brain you," hissed the intruder, but he did not linger to complete his search for valuables.

Speeding from the room he was followed by the scared occupant, who notified the proprietor. A police call was sounded. The thief was detected skulking in a dark corner of the corridor, but did not tarry there. Jumping from a window he lighted on the roof of an adjoining building. Rushing to the edge of the roof he leaped 25 feet to the ground. He alighted before an open door of a room where a woman was attending beside a sickbed. His sudden appearance as from the clouds threw the nurse into hysterics, her screams giving speed to the thief's flight. He escaped. The sick person may die as a result of the intense excitement.

DESPONDENT YOUNG WOMAN ATTEMPTS TO END LIFE

SAN BERNARDINO, Aug. 26.—"I will die, you can't prevent it," screamed Miss Evelyn Hall today as she struggled with her nurses to prevent them from securing a phial of poison which she had hidden in her bureau. The sensational struggle resulted in making public the fact that the young woman had made an attempt at suicide last Sunday, taking a large amount of poison.

The circumstance was suppressed, the doctors believing she would recover. Wednesday night she eluded her nurses and made a second attempt. Last night her condition had become critical, and it was decided to remove her to the hospital. This morning she was brought to the hospital, and the third attempt last night which will probably result fatally.

The young woman had been out late Sunday night with her lover, a young man of the town. Differences arose between them, and she returned home in a despondent frame of mind.

THROWN IN TREE BY COLLISION

SAN BERNARDINO, Aug. 26.—That Claude Rivers and Miss Mabel Larson are not subjects for the coroner they owe to a lucky circumstance. While motorcycling late last night northeast of town their machine crashed into the rear of a carriage occupied by Mr. and Mrs. Albert Johnson. Miss Larson was tossed completely over the Johnson vehicle, and landed in a tree 30 feet away. Rees was painfully cut about the face, Mrs. Johnson was hurled from the carriage and sustained bruised limbs. The carriage and machine were demolished. The carriage was concealed from the motorcyclists by the shadow of a row of fir trees.

Judge Seavell allowed the claim of the heirs of the Mary K. Plummer estate for bonds held trust by the bank, which at the time of its failure were valued at approximately \$25,000, but have since increased in value to \$40,000. The decision permits the heirs to share in any dividend declared by the receiver of the bank and gives them a prior lien on any mortgage on the property of the bank.

BLAST MAY BLIND CITY MARSHAL OF OCEANSIDE

SAN DIEGO, Aug. 26.—While endeavoring to find out why a fuse had not exploded, G. D. Love, city marshal, and superintendent of streets at Oceanside, north of San Diego, met with an accident which may cost him his eyesight.

The blast went off and Love's face was badly cut and mangled by the flying rocks and dirt. The accident occurred yesterday, and this morning it was stated the sight of one eye was lost and that the other was so seriously injured there was little hope of saving it.

SANTA MONICA, Aug. 26.—Samuel Baer has taken out a permit to build a two-story apartment house at 2722 Fourth street to cost \$10,000. The structure will contain 50 rooms and basement and will have every modern convenience. Work is to begin at once.

JAPANESE IS ACCUSED AT SANTA ROSA INQUEST

Jury Finds That Kendalls Were Slain by Oriental on Ranch

SANTA ROSA, Cal., Aug. 26.—With Mrs. Henry Starbuck as the chief witness, the inquest over the remains of the murdered Kendall family was begun today. The new jury is made up of H. L. Johnson, L. W. Burris, Alfred Shea, S. C. Newman, W. H. Summers, F. T. Bane, J. W. Ramade and W. C. Watson.

Mrs. Starbuck was accompanied by her husband and Attorney Brunt. She was composed and collected on the stand as she told of the visit to her house of Yamaguchi with his tale of the fight with the Kendalls. She told of the Japanese having come to her house the night after the murder is supposed to have been committed, and of his hysterical assertion that he had "done up" the family after he had been attacked by Thomas Kendall and his mother. In all essential details her story agreed with the statement which she had made to District Attorney Lea soon after the discovery of the murder. W. A. Cockrell, who, in company with his father, had been hearing the initial "T. A. E.," said that in company with two young women he had met Thomas Kendall and the latter had exhibited the ring worn by Mrs. Kendall.

R. T. Collins, a boy employed on the Kendall ranch, testified to having seen Yamaguchi about the place near the time the murders are believed to have been committed.

Sheriff J. M. Smith related in detail the result of his investigation into the tragedy, and J. M. Thompson, an attorney, explained conditions at the ranch as he found them during his visits there.

The jury then retired, and soon returned with the finding that Enoch Thomas and Ursula Kendall came to their deaths at the hands of Henry Yamaguchi, presumably from the effects of gunshot wounds.

SPAIN SENDS DIPLOMAT TO VATICAN RECEPTION

ROME, Aug. 26.—Cardinal Merry del Val, papal secretary of state, came to Rome today from his summer residence at the Villa Monte Mario, for a reception of the diplomatic corps. Among those who attended was the Marquis de Gonzales in charge of the Spanish embassy at the Vatican since the death of the ambassador, Marquis de Ojeda.

It is reported that the conversation of the Spanish representative with the cardinal was friendly, and that the cardinal conformed to the details of the last note communicated to Spain which maintains unchanged the attitude and policy of the Holy See.

HEIRS AWARDED \$40,000 FROM DEFUNCT BANK

SAN FRANCISCO, Aug. 26.—By a decision of the superior court today the assets of the California Safe Deposit & Trust company will be divided \$40,000.

Judge Seavell allowed the claim of the heirs of the Mary K. Plummer estate for bonds held trust by the bank, which at the time of its failure were valued at approximately \$25,000, but have since increased in value to \$40,000. The decision permits the heirs to share in any dividend declared by the receiver of the bank and gives them a prior lien on any mortgage on the property of the bank.

TALKS TO BROTHERHOOD

POMONA, Aug. 26.—C. P. Macfarlane, national secretary of the Men's Brotherhood of the Christian church, who has headquarters in Kansas City, has been here and was given a banquet by the local brotherhood of the First Christian church that was largely attended. Mr. Macfarlane is visiting different parts of the country, calling upon the local organizations, arousing interest in the work and encouraging the establishment of new chapters. He gave an entertaining and interesting talk here upon the growth of the brotherhood and the good that is being accomplished by its brotherhood.

REPUBLICANS TO MEET

SAN BERNARDINO, Aug. 26.—At the Republican county convention tomorrow Lyman M. King of Redlands will be selected as temporary chairman and Col. W. L. Vestal of this city as temporary secretary. This much has been agreed to by the regulars and the insurgents. It is believed that the two factions will find common ground for a settlement of their differences before the convention is called to order.

MINING ENGINEER DROWNED

VALDEZ, Alaska, Aug. 26.—James McCarthy, a mining engineer well known in Alaska, was drowned in McCarthy creek yesterday, when his horse stumbled in the stream and threw him off into the rushing water. Although McCarthy was a powerful swimmer, the current was so swift he sank before help could reach him.

GERMAN STUDENTS TO VISIT CITRUS GROVES

Exchanges and Packing Houses Will Be Inspected and Luncheon Served

POMONA, Aug. 26.—P. J. Dreher, secretary and manager of the San Antonio Fruit exchange, has all arrangements for the entertainment of thirty students and professors from Cologne, who are touring this country and will be here tomorrow to visit the citrus groves industry. Mr. Dreher will act at the request of Frank Wiggins, secretary of the Los Angeles chamber of commerce, and the visitors will be taken by automobiles to the Pomona Fruit Growers exchange packing house and the packing houses. After the stop here the party will be taken to Ganesha park and to the top of San Jose hills, then to the Pomona tavern for luncheon. The visitors will include Count Max von Griebel, Prof. P. Moldenhauer, Christian Eckert, K. Hassert, Carl Rehorst, Messrs. Gerhardt, Boehme, Wm. Huerkin, Jean Deierick, Paul Eggers, Erich Elie, Theo. Fleming, Bruno Fremerey, Robert Grisar, Rene Havenith, Max Josten, Fritz Kahn, Karl Kimmel, Otto Kolz, Louis Koerner, P. Longere, Carl Neven Du Mont, Rene Pretorius, Theo. Roehling, Albert Ruckdeschel, Walter Ruschewey, Franz Samuel, Guenther Schreiber, Ludwig Simons, Max Wolf, Karl Worring and Raoul de Zaragny y Ortiz.

ROSE DECORATIONS

These novel rose decorations are as pretty in the daytime as at night, and in considering the decorations they were planned as a part of the general scheme. That the usual unsightly rows of clothesline effects with the unornamental bulbs, which usually in the daytime are not to be seen at this festival is a matter for which the festival committee have to thank Angelo J. Tost, who is chairman of the committee on decorations and illuminations, designed and planned all the schemes of exterior decorations. Possibilities in the way of decorations will be a florist and professional floral whom great credit is due for the decorator, and is a tireless worker to beauty and economy of the plans.

It is estimated that the illuminations will surpass those of the Portola festival, both in beauty and candlepower, as at least 70 per cent more lights are to be used, and that the superior feed wires and other technical facilities there will be 120 per cent more illumination. Thirty thousand lights will be formed into ground and aerial garlands and in a series of miles of copper wire will go into the wiring.

BEAR FLAGS

The day decorations on the streets of the line of march have significance as well as beauty to recommend them. Evergreens from the northern and mountainous part of the state will be intertwined with palms from the semi-tropical south and grouped about the electric light poles, which will be connected with evergreen garlands, flags and bunting in the yellow and green of the festival. Bear flags and American flags will alternate and the draping is to be unique and very effective.

In Union square the walks will be outlined with the garlands of rose bulbs, giving the effect of an aerial map of the square. The Hotel St. Francis will be a blast of light and color in the building around the square are to be elaborately decorated and illuminated. The street lights will be lit for the first time September 1 and will be kept lit continuously until September 11.

INSTRUCTOR GOES TO UTAH

DANCING IN GAY CARNIVAL ATTIRE

STREETS TO GLOW AT NIGHT Native Sons to Make Admission Day Festival Greatest Fiesta of Coast

(Special to The Herald)

SAN FRANCISCO, Aug. 26.—Saturday, the last day of the Admission day festival, is to be carnival day and the frolic and jest of the merry-makers will commence early in the morning and last all through the night. Judging from the interest manifested by clubs, societies and the various Native Son parlor throughout the state in making preparation to participate in the revelry, it will be the most memorable day of the festival.

San Francisco is noted for its carnival loving spirit and the hospitality of its citizens, and their generous good humor is sure to add zest to the spirit of revelry which will be at its height in the last happy hours of what is to be the greatest celebration of its kind in the history of the west.

Where thousands of good characters attired in exaggerated and grotesque costumes the carnival section of the great night parade promises to be the most unique and interesting feature of the entire festival. The carnival committee has already arranged for many burlesque characters and in order to swell the ranks of the revelers extends an invitation to all of the clubs and fraternal bodies in the city and state, as well as to the public at large, to participate in the carnival parade on Saturday night.

Those desiring to take part in the carnival will be assigned to positions by the chairman of the carnival committee and application should be made to C. L. McEneaney, 1068 Phelan building. It is the intention of the carnival committee to encourage the clubs to participate in bodies or groups, each club being assigned to its own section of the parade, so that its members may remain in one body should they desire.

SATURDAY CARNIVAL

Saturday will be carnival day and the merry-making and jollity will prevail throughout the day and last all night. Alfresco parties are making reservations for seats at the larger hosteries and the big cafes for carnival night with the intention of entering into the festa revelry and participating in the outdoor pleasures.

The street decorations and illuminations for the festival, upon which the active work has commenced, are to be more elaborate and gorgeous than anything attempted in the west. The green and gold color scheme will be kept in mind in all the decorations and the effect has been introduced in the street illuminations in a novel and beautiful way by means of artificial roses made of a transparent and waterproof fabric fitting over the bulbs and giving the effect of garlands and garlands of illuminated natural roses. The plan of stringing lights is entirely new and the whole scheme is original and very effective.
