

NIGHT AND DAY.

The lights of New York form a jeweled backdrop for an auroral display of naval searchlights sweeping the sky above the Hudson for an imaginary enemy aircraft. The beams are from battleships of the Atlantic squadron anchored in the river for the World's Fair. Dominating the scene from the Jersey shore are the Empire State Building (right) and Rockefeller Center (center). A. P. Photo.

By day, Manhattan's towering skyline looms behind the aircraft carrier Ranger, at anchor in the Hudson for the Fair. The Empire State Building rises at center above the other skyscrapers. Wide World Photos.

Night made wondrous at the World's Fair Lagoon of Nations. Fireworks add to the dazzling effect of lighted fountains.

North to Romance

North of here, as the bluebird flies, is a land forever old . . . yet new. Ox carts still lumber along the Province of Québec roads . . . fishing sails flap in the soft breeze . . . and the ancient splendor of citadel and shrine still strangely stirs the heart.

This Québec, this France of the new world, is foreign, colorful, different. Here are wooded mountains not yet explored . . . landscapes so beautiful you catch your breath . . . cliffs and crags of the Gaspé looking out in beauty on the blue St. Lawrence.

Exchange your world for this old world, this summer! Fish in silver lakes fringed by pine and spruce. Golf. Swim. Hike and camp in the mighty Laurentians. Then return refreshed, renewed!

Québec is only overnight from most places most people come from. Accommodations are good, roads to all points picturesque, prices reasonable. Information from Dept. RB-7, Province of Québec Tourist Bureau, Parliament Buildings, Québec City, Qué.

"UNCORK" YOUR CORN

No need now to use dangerous home paring

CORNS are caused by pressure and friction, and home paring can only give temporary relief because it only affects the surface. But now it's easy to remove corns. Just put a Blue-Jay pad neatly over the corn. It relieves pain by removing pressure. The special Blue-Jay medicated formula acts on the corn—gently loosens it so it can be lifted right out. Then simply by avoiding the pressure and friction which caused your corn you can prevent its coming back.

Remove corns this easy way. Get Blue-Jay Corn Plasters today—25¢ for 6. Same price in Canada.
