Drunken Soldiers Slay 40 and Wound 180 Jews at Bailistock.

A SHAMBLES PLACE

Surgeons Driven from Those Injured and Mutilated by Drink-Crazed Brutes in Uniform.

WARSAW, Russian Poland, Aug. 25 .-Another massacre of Jews, marked by atrocities worthy of savages, has occurred in Bialistok, about fifty miles southwest of Grodno.

The official report minimizes it as usual, merely stating that a party of Jews at Bialistok threw a bomb which killed some soldiers, whereupon the troops fired in self-defense, and that "daring the scuffle" 40 Jews were Milled and 180 wounded.

But reports The World correspondent has secured from trustworthy eye-witnesses draw a sanguinary picture.

To Teach Jews a Lesson. Some Jewish workingmen were arrested there three weeks ago and treated with exceptional brutality by soidiers and policemen, whose officers threatened openly that they would

crush the Jewish population-"teach the Jews a lesson." A small gathering of Jews, possibly Socialists, but not authorized by the Socialist party to act, ordered that the brutal treatment of their arrested coreligionists be avenged. The persons licked to do this work thew a bomb Aug. 12 among some sold.ers, of whom three were killed, while a dozen workingmen were wounded, some fatally.

This was the signal for a violent out-break by the troops against all the Jews, innocent and guilty alike.
