The Fashions.

Lady Duff-Gordon said at a luncheon:

"The fashions are gradually becoming more modest. They are nothing like so shocking as they were last year."

"A young woman went into a very smart shop one day last year and said to the saleswoman:

"I want to buy an afternoon gown of the very latest fashion."

"Yes, madam," said the saleswoman. "And does madam prefer a gown that is altogether too short or one that is altogether too transparent? We stock both kinds."

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove freckles.

Rich Yukon Silver Deposits.

Authoritative reports from the Yukon territory, Canada, indicate the location of marvelously rich silver deposits in the Mayo district, about 150 miles east of Dawson, says Popular Mechanics Magazine. A few veins, eight feet in thickness, assaying 5,000 to 14,000 ounces of the metal to the ton, are being worked. Five-foot veins are common, and smaller lodes with an assay of 200 ounces, are said to be plentiful. At present transportation and living conditions in the district are very bad. These will be bettered if a proposed motor road into the territory is built.

USED IN ONE FAMILY FOR YEARS

Bellepoint, W. Va.—"It affords me great pleasure to have the privilege to make public this statement in behalf of Dr. Pierce's medicines. I cannot recommend them too highly to the public. We have used them in our family for years and have reaped good results. We have always found the 'Golden Medical Discovery' superior to any other tonic, as it is a wonderful system builder. I can cheerfully recommend it to all like sufferers."—E. J. CARPER.

Send 10 cents to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial package.

What He Meant.

"You told me," complained the purchaser, "that parrot I bought was the most intelligent bird in your shop, while the fact is he doesn't talk at all."

"That's what I meant," replied the dealer, "when I spoke of his intelligence, madam."

Indigestion produces disagreeable and sometimes alarming symptoms. Wright's Indian Vegetable Pills stimulate the digestive processes to function naturally.—Adv.

Bad Form.

"Judge, I wasn't trying to flirt with this young lady."

"She says you called her 'Precious.'"

"I was talking to myself."

"Then you ought not to call yourself pet names. Ten dollars and cost."—Birmingham Age-Herald.

No Cart Along.

The girl walked briskly into the store and dropped her bag on the counter. "Give me a chicken," she said. "Do you want a pullet?" the storekeeper asked.

"No," the girl replied. "I want a carry it."—Brown Bull.

No Shortage.

"I rented a house in the Street of Dreams," sings a poet. Well, even a poet can pay the rent of that kind of a house.—Boston Transcript.

Our New Hospital Ship and Its Commander

A view of the operating room on the U. S. S. Relief, Uncle Sam's new hospital ship which was recently commissioned at the Philadelphia navy yard. The Relief is for use of the officers and enlisted men of the Atlantic fleet. Inset is a portrait of her commander, R. C. Holcomb of the navy medical corps.

Many Schools Serious Menace

Tens of Thousands of Children in
United States Are Reported
Housed in Firetraps.

REPORTS FROM 429 CITIES

453,000 Pupils Either on Half-Time Study or in Unsuitable Quarters—Survey Conducted by Chamber of Commerce Committee.

New York.—Tens of thousands of school children housed in firetraps and hundreds of thousands of them either on half time or in makeshift buildings is the condition in 429 cities of the United States, as disclosed in a report made public here.

The report was issued by the national committee for chamber of commerce co-operation with the public schools on a survey conducted by the American city bureau.

The committee was organized in February, 1920, to inquire into school conditions. Its executive committee is headed by George D. Strayer of Teachers' college, Columbia university, New York.

The evidence presented "shows clearly that there are tens of thousands of children now housed in old, unsanitary, dangerous buildings," says Mr. Strayer in his introduction to the report. "Many of these structures are best classified as firetraps."

Data From 429 Cities.

Data was received from 429 cities. The report says: "These facts, obtained from 75 per cent of all the cities reporting, show that in these cities, even excluding those housed in annexes where conditions may be normal, there are more than 453,000 children who are either on half time because of lack of building space or are housed in portables, rented buildings, attics, basements or corridors. It would require an average of two 30-room buildings in each of these cities to properly house these groups of children alone."

The report sets forth statistically the inadequacy of playground space. "It is clear that in many cities children are now housed in buildings in which there is less space on the playground than is supplied in the classrooms in which they are taught," says Mr. Strayer in the introduction.

"Three million six hundred thousand

children are represented in this report on playgrounds," it is stated, "and the study discloses that one-half of them—1,800,000 children—have each a playground less than six by six feet per pupil, and many of them have no playground at all."

"These facts of limited playground space," says the report, "present one of the serious problems confronting those who are interested in the welfare of American school children. Whatever the cost, adequate playground space should be provided for those school buildings already erected in congested districts. Public sentiment must become so strong that it will be considered a breach of trust for school authorities to erect a school building on a site that will not afford adequate playground space for all the pupils housed in the building."

Few Fireproof Buildings.

On the subject of fire hazard in schools the report states: "Only five per cent of the total number of buildings are of the types constructed usually called fireproof. Only a small number have fireproof elements to lessen the fire hazard to the children. At least 25 per cent of the two poorest types of buildings are of two or more stories, and do not have a fire escape. Thirty-nine per cent of these two types are without fire extinguishers and less than ten per cent of them have automatic sprinkler equipment in any part of the buildings. Only 11 per cent have automatic fire alarms. Such facts as these demonstrate the existence of a real menace to the children of these cities." One-half of pres-

ent day schools were built prior to 1897.

The report directs attention to "the large number of children between the ages of thirteen and sixteen years who leave the public schools," and adds: "There probably is no more serious problem or one more difficult to solve now facing the people of this country."

According to the reports from 290 cities 6 per cent of the children have left school before their thirteenth year, 19 per cent before fourteen, 38 per cent before fifteen, and 64 per cent before they are sixteen years old.

"In the geographical groups," the report continues, "the highest per cent of these children remain in the western cities. Next in order are the great plains cities, then the southern, the great lakes, and the lowest of all are the eastern cities. In this last group only 29 per cent of the children sixteen years of age, and 56 per cent of those from fourteen to sixteen years, inclusive, are in school."

WILL EXPLORE PERRY ISLAND

Sir Ernest Shackleton to Leave in May or June on New Polar Expedition.

Christiania.—Sir Ernest Shackleton, the antarctic explorer, will leave in May or June on a new polar expedition.

He will take with him a dozen men, chiefly those who accompanied him on former expeditions, and contemplates being away for about two years.

The Norwegian whaling boat, Toca I, has been purchased for the expedition, and in all probability it will first proceed to Hudson bay, where 150 dogs will be taken on board. Thence the expedition will proceed to Axel Heiberg's land. From there Sir Ernest intends to explore the islands eastward to Perry island, this being the main object of the expedition.

Not Crime to Kill Dying

Belgian Court Acquits Man Who Shot Girl Who Tried to Commit Suicide.

Brussels, Belgium.—The question whether or not a person is guilty of a crime in hastening the death of another who is suffering from a mortal wound has been decided in the negative here in the case of a married man who shot and killed a girl who attempted to commit suicide. His plea was that she was dying and that he killed her rather than watch her suffer. He was arrested, but acquitted of the charge of murder by the Brabant Court of Assizes.

The man was Jerome Hermans, thirty-two years old, and the girl was Coline Vanduyck, age eighteen. They had a love affair and the attempt at suicide resulted. The shooting occurred in the Bois de Cambre, Brussels' largest public park.

"Coline ran from the path into a thicket," said Hermans. "I heard a shot and ran after her. She had shot herself in the temple, but was still alive. I could not see her suffer and I took her revolver and shot her in the neck. Then she was still, and I shot myself."

Hermans recovered from his wound and was in prison for eight months until acquitted. Medical testimony given at the trial was to the effect that the girl's suicidal wound ultimately would have been fatal.

Wherein Cupid Gets Best of Father-in-Law

Philadelphia.—The romance of Oscar Shenderoff, dental student, which got mixed up when his father-in-law "kidnaped" his bride a few hours, is mended again.

Shenderoff married eighteen-year-old Myrtle Stewart, daughter of William Stewart, retired printer of Denver, Colo. That night her father summoned them for an interview.

He urged his daughter be allowed stay with him all night. Shenderoff returned the next day to find that his bride had disappeared. He went to Washington, where he knew her father had friends. Boarding a car in Washington to begin his hunt, he was startled to see his bride on a corner waiting for a street car. Then came the reunion and Shenderoff and bride returned here without bidding "dad" farewell.

Barking of Dog Saved Man's Life.

Muskegon, Mich.—The barking of his dog attracted men to the garage of Severson Casper, where they found Casper unconscious from gas fumes from his car, the motor of which was running. He was revived.

Indian Princess Christens New Sub

Princess Tococomar, an Indian, who in private life is Mrs. James O. Germaine of Norwich, Conn., christened the new American submarine S-48, when it was launched at Bridgeport, Conn. She is shown here with her Indian party; and the illustration also gives an unusual view of the hull of the new vessel.

PROVED EFFECTIVE BY A FIFTY YEARS TRIAL

The most widely used remedy in the world to overcome the stagnating effects of catarrh. Catarrh is silent and insidious in its ravages, invades nearly every household and hovers like a pestilence everywhere.

FOR CATARRH AND CATARRHAL CONDITIONS

It strikes at the root of catarrhal troubles by stimulating the digestion, enriching the blood, toning up the nervous system and soothing the raw and inflamed mucous membranes. Pe-Ru-Na sets every organ to working properly and gives strength, vigor and pep to the whole body. Try it, and like thousands of others, learn what it means to be well.

SOLD EVERYWHERE TABLETS OR LIQUID

Common Enough. He (turned down)—But, dearest, you are so different from other girls. She—Oh, but you'll find lots of other girls different from other girls.—Tennessee Mugwump.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monaceticacidester of Salicylicacid.—Adv.

A Conundrum.

Before the subject is abandoned: Why does an American doughboy close his eyes while submitting to the processes of decoration by a French army officer?—Kansas City Star.

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

Near Bait.

"Knicker—"Does Smith still enjoy fishing?" "Bocker—"Yes; he has built a pond in his cellar."

Begin Right Now to Conquer Your Rheumatism

If you are going to again rely upon the liniment bottle to try to rub your Rheumatism away, you will be doomed again to nothing but disappointment. A disease that can cause so much pain and suffering is not on the surface of the skin, and cannot be rubbed away.

Many forms of Rheumatism are caused by a tiny disease germ in the blood, and in such cases the only logical treatment is to search out and remove these germs from the blood.

For this purpose there is no more satisfactory remedy than S.S.S., the fine old blood remedy that has been in use for more than fifty years, and has given such general satisfaction for Rheumatism.

Begin taking S.S.S. today, and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address Chief Medical Director, 160 Swift Laboratory, Atlanta, Ga.

MRS. WINSLOW'S SYRUP

The Infants' and Children's Regulator

It is a real pleasure to give this invaluable preparation—and babies and young children like to take it. Mrs. Winslow's Syrup never fails to overcome constipation and brings remarkably quick and gratifying relief in wind colic, diarrhoea, flatulency and the many other similar troubles. Add a few drops, depending on age, to each feeding; it keeps baby's bowels regular.

It is the best remedy that medical skill has ever devised and endorsed for teething babies, as may be quickly proven by reading the complete formula below which appears on every label.

Senna, Sodium Citrate, Oil of Anise, Caraway, Rubarb, Sodium Bicarbonate, Fennel, Coriander, Glycyrrhine.

At All Druggists

ANGLO-AMERICAN DRUG CO., 215-217 Fulton St., New York

General Selling Agents: Harold F. Ritchie & Co., Inc., New York, London, Toronto

Harmless, purely vegetable infants' and children's every label. Guaranteed non-narcotic, non-alcoholic.

"Bless Its Heart—It's Happy Now" because its healthy stomach digests food properly, and bowels act as they should, after using
